### EH 200™ HDI

### SPECIFICATIONS

#### EH 200™ HDI

|                   |               |
|-------------------|---------------|
| <b>Reference:</b> | <b>255094</b> |
| Max Flow.         | 6.0 l/min     |
| Max Pressure      | 230 bar       |
| Max tip size.     |               |
| - with paint:     | 0,037"        |
| - with texture:   | 0,041"        |
| Electric Motor    | 3.3 Kw        |
| Weight            | 95 kg         |

#### Flow-through Filter System

- Handtight Filter removes with the cap
- Debris stays inside the colour coded filters
- Flow-through for optimal use of the total filter surface

#### ABS Shroud

- Won't break, bend or rust under working conditions
- Easy to clean

#### Direct immersion with hopper and bag roller

#### High Efficiency Hydraulic Motor

- Fast change-over design for uniform pressure at the gun
- 100% o'ring sealed fittings
- No hydraulic stalls through special ramp design

#### High Capacity Cooling System

- Cooling fins on reservoir deflect heat faster
- Extra large oil reservoir
- "Turbo" fan for continuous cooling

#### Comfortable Cart Design

- Compact and easy to transport and handle around a job site
- Chromed and welded to last for years of hard use.
- Telescoping handle for quick hose unwrapping

#### Pneumatic Wheels

- Big size adapted to rough terrain
- Inner tube for easy service
